

➤ **who we are**

As a Non-Profit Corporation, the Regina Construction Association is led by a group of dedicated industry leaders who volunteer their time on the RCA Board of Directors to insure the construction industry in Regina and area is being well served. Board members are elected by the membership and represent each segment of the industry. They work tirelessly on behalf of the membership establishing policy and work in partnership with the provincial and national Construction Associations to lobby the various levels of government on industry issues. Over the last eight decades the Regina Construction Association has established a reputation of being the, “one stop shop” for industry services.

➤ **what are we**

We are currently the source for construction information in Saskatchewan. Soon this information will be offered under the BuildWorks Canada brand by the local construction associations across the three prairie provinces to provide the most comprehensive list of procurement opportunities within those provinces.

BuildWorks Canada is a partnership between local construction associations across the prairie provinces, removing barriers to construction opportunities and creating access to work for the entire industry. BuildWorks Canada will provide unparalleled exposure for Private and Public owners of construction, connecting them to the highest quality contractors, suppliers, and service providers available. Our shared public directory will be the largest, most comprehensive database of the construction industry available in Canada. A place to find and create new relationships and share your companies’ accomplishments and certifications with the entire industry.

Provided on the BuildWorks Canada hub are the following products and services:

- **Pre-bid**

A series of reports of budgets with links to capital project lists from Federal, Provincial, and Municipal governments.

- **Planroom**

The BuildWorks platform is a Western Canadian partnership that creates the most comprehensive construction industry data, directory and opportunity-information hub of Private and Public bid opportunities. The planroom lists active projects throughout Manitoba, Saskatchewan, and Alberta.

## ▪ On Demand

An easy to use, secure service for professionals managing projects with a need for sophisticated document control and communication functions.

- Manage and control project documents with easy drag and drop upload function
- Eliminate the worry about access to trades and suppliers
- Design and develop bid packages, as built, etc.
- Manage and control the bidding process: Prequalification, Invitation to Bid and Online Bid Submission

## ▪ Lows and Awards Report

This report provides post-bid results on the final phase of the bidding process, listing the low bids and award results.

## ➤ Members First

Although the BuildWorks planroom is one of the most important features of membership in the RCA, and the information provided is essential in building your business we are more than just access to planroom information.

Membership is about building relationships with other members, leaders in the industry, supporting the initiatives to build a strong and vibrant construction environment in Regina and area.

The RCA prides itself in having professional staff members available to work with you to access the resources of the Association and its integrated partners—the Canadian Construction Association and the Saskatchewan Construction Association.

## ➤ Networking

Members of the RCA have many opportunities throughout the year to participate in special events, networking opportunities, and member meetings. Being involved in these networking events allows you to meet industry professionals and make meaningful contacts that are beneficial for both professional and business development.

- President's Event
- Sponsors' Golf Tournament
- FCL Mentors' Golf Tournament
- Annual General Meeting
- Sponsors' Night
- Mix and Mingle Events
- Breakfast Café Series
- Power Lunches
- Education Opportunities

The RCA is committed to lifelong learning and provides training opportunities for career development. The Education Information Centre works with the membership in assisting with the recruitment and retention of a skilled labor force. Each year we add new classes to the schedule, training is available on site and upon request customized training can be developed to meet particular needs of members. We are happy to assist with Job Grant Applications. Details of the education schedule and the Job Grant are posted on the web site [rcaonline.ca](http://rcaonline.ca).

We encourage members to present at Breakfast Cafes. Please contact the office for further information.

## ➤ **Canadian and Saskatchewan Construction Associations**

As a member of the RCA you are an integrated member with the Canadian Construction Association and the Saskatchewan Construction Association. The SCA and CCA lobby and advocate on behalf of members provincially and federally. The RCA performs lobby and advocacy functions at the municipal level.

As well the CCA is a partner in the Canadian Construction Documents Committee and develops CCA contracts and guides to serve the industry. These documents are in the form of contracts and guides that provide balance, uniformity and standardization for bidding and contracting procedures.

- o The contracts are available for purchase on line on the RCA web site; or a fax or email to one of the staff and an order will be placed on your behalf. The documents are available electronically and, in some cases, hard copy.
- o The RCA sells the copyright seals that must accompany each contract -- “No seal, No deal”!
- o The SCA also publishes an annual Membership Roster and Buyer’s Guide.

**Be part of an Association that is moving forward in building Regina and Saskatchewan.**

## MEMBERSHIP APPLICATION

1935 Elphinstone Street, Regina, SK, S4T 3N3 ☎ (306) 791-7422 🖨 (306) 565-2840 ✉ general@rcaonline.ca 🌐 www.rcaonline.ca

We, the undersigned, hereby make application to the Regina Construction Association. Membership in the Association shall consist of individuals, firms, partnerships, incorporated companies and procurers of construction services actively interested in the purpose for which the Association is incorporated. Upon acceptance we agree to conform to and abide by the Bylaws of the Association.
